

ACCOMMODATION REFERRALS

Tourism Sun Peaks works with Check in Canada to offer commission-free accommodation referrals for property owners via the sunpeaksresort.com website. The Check In Canada national reservations platform is owned by the Hotel Association of Canada and the Canadian Hotel & Lodging Association which is made up of provincial hotel associations including the British Columbia Hotel Association.

This referral-based program allows potential visitors to conduct their property search on the Sun Peaks Resort website, but then takes them to their selected property to finalize their booking on the lodging establishments own reservation system

Accommodators who wish to sign up or remain listed on the Check In Canada platform can do so for the competitive annual fee of \$300 + taxes per lodging property, inclusive of all listing and reservations fees.

Property registration requirements:
